

Current Planning Manager

General Information

Classification Code:	MGRPRG
Effective Date:	January 12, 2023
Pay Grade:	D61
FLSA Status:	Exempt

Position Summary

The Current Planning Manager performs duties planning, budgeting, operationalizing, and supervising the work of planners, administrative staff, and code enforcement officers in routine assignments or special projects. Oversees the application and implementation of the city’s adopted plans and development code when processing land use applications and the coordination with developers, property owners, business owners, and residents to ensure on-going compliance with the city’s municipal and development codes. Prepares, revises, and administers land use plans, economic development projects, zoning ordinances, development regulations, and enforcement programs. Provides leadership within the department and is a member of the Community Development Management Team. Performs related duties as assigned.

Classification Characteristics

The Current Planning Manager falls under the Manager/Program Manager classification and is responsible for interpreting and carrying out the programs or objectives set by Executive Managers and decide how best to use the assigned resources. This position is distinguished from the DPW Community Development Director in that the latter has overall responsibility for all functions of the DPW Community Development Department and for developing, implementing, and interpreting public policy. Manager/Program Managers have responsibility for one or two program areas whereas the higher-level classification has responsibility for multiple program or major project areas.

Essential Duties

The duties listed below are a typical sample; position assignments may vary.

- 1 Supervises staff to include prioritizing, assigning, monitoring, and reviewing work; conducting performance evaluations; ensuring staff are trained; ensuring that employees follow policies and procedures; maintaining a healthy and safe working environment; and making hiring, termination, and disciplinary recommendations.
- 2 Identifies technology needs and ensures implementation of available technology to improve customer service and operational efficiency. Provides technical support for upper management.
- 3 Designs and coordinates projects including contracts for service and grant applications; monitors budgets, schedules, and reporting requirements; and facilitates community engagement and interdepartmental and interagency coordination.
- 4 Oversees and participates in the dissemination of pertinent information to property owners, developers, realtors, business owners, residents, and others; and works to resolve issues including complaints.
- 5 Oversees and participates in the review of development proposals and the application of Development Code provisions, land use policies, and State and Federal regulations.

Essential Duties	
6	Prepares and supervises the issuance of land use decisions, including staff reports for quasi-judicial and legislative decisions with recommendations for approval or denial and any associated conditions of approval.
7	Oversees compliance of the municipal and development codes, including inspections, investigations, reports, enforcement, and preparation and defending of cases brought before the Municipal Court Judge.
8	Coordinates public presentations and staff assistance to the Historic Commission, Planning Commission, and other committees as appropriate.
9	Serves as the floodplain administrator for the City.
10	Ensures proper record keeping in accordance with state requirements for record retention.
11	Performs other duties of a similar nature or level.

- Research and Analysis – Data gathering techniques, trend identification, quantitative and qualitative analysis, policy analysis, preparation of findings of fact, and report writing.

Skills:

- Active Learning — Understanding the implications of new information for both current and future problem-solving and decision-making.
- Active Listening — Giving full attention to what other people are saying, taking time to understand the points being made, asking questions as appropriate, and not interrupting at inappropriate times.
- Complex Problem Solving — Identifying complex problems and reviewing related information to develop and evaluate options and implement solutions.
- Coordination — Adjusting actions in relation to others' actions.
- Critical Thinking — Using logic and reasoning to identify the strengths and weaknesses of alternative solutions, conclusions, or approaches to problems.
- Instructing — Teaching others how to do something.
- Learning Strategies — Selecting and using training/instructional methods and procedures appropriate for the situation when learning or teaching new things.
- Management of Personnel Resources — Motivating, developing, and directing people as they work, identifying the best people for the job.
- Mathematics — Using mathematics to solve problems.
- Monitoring — Monitoring/Assessing performance of yourself, other individuals, or organizations to make improvements or take corrective action.
- Negotiation — Bringing others together and trying to reconcile differences.
- Operations Analysis — Analyzing needs and product requirements to create a design.
- Persuasion — Persuading others to change their minds or behavior.
- Reading Comprehension — Understanding written sentences and paragraphs in work related documents.
- Service Orientation — Actively looking for ways to help people.
- Social Perceptiveness — Being aware of others' reactions and understanding why they react as they do.
- Speaking — Talking to others to convey information effectively.
- Systems Analysis — Determining how a system should work and how changes in conditions, operations, and the environment will affect outcomes.
- Systems Evaluation — Identifying measures or indicators of system performance and the actions needed to improve or correct performance, relative to the goals of the system.
- Time Management — Managing one's own time and the time of others.
- Writing — Communicating effectively in writing as appropriate for the needs of the audience.
- Meeting Facilitation — Planning, guiding, and managing group participation to ensure objectives are met.

Qualifications

Abilities:

- Category Flexibility — The ability to generate or use different sets of rules for combining or grouping things in different ways.
- Deductive Reasoning — The ability to apply general rules to specific problems to produce answers that make sense.
- Far Vision — The ability to see details at a distance.
- Flexibility of Closure — The ability to identify or detect a known pattern (a figure, object, word, or sound) that is hidden in other distracting material.
- Fluency of Ideas — The ability to come up with a number of ideas about a topic (the number of ideas is important, not their quality, correctness, or creativity).
- Inductive Reasoning — The ability to combine pieces of information to form general rules or conclusions (includes finding a relationship among seemingly unrelated events).
- Information Ordering — The ability to arrange things or actions in a certain order or pattern according to a specific rule or set of rules (e.g., patterns of numbers, letters, words, pictures, mathematical operations).
- Mathematical Reasoning — The ability to choose the right mathematical methods or formulas to solve a problem.
- Near Vision — The ability to see details at close range (within a few feet of the observer).
- Number Facility — The ability to add, subtract, multiply, or divide quickly and correctly.
- Oral Comprehension — The ability to listen to and understand information and ideas presented through spoken words and sentences.
- Oral Expression — The ability to communicate information and ideas in speaking so others will understand.
- Originality — The ability to come up with unusual or clever ideas about a given topic or situation, or to develop creative ways to solve a problem.
- Problem Sensitivity — The ability to tell when something is wrong or is likely to go wrong. It does not involve solving the problem, only recognizing there is a problem.
- Selective Attention — The ability to concentrate on a task over a period of time without being distracted.
- Speech Clarity — The ability to speak clearly so others can understand you.
- Speech Recognition — The ability to identify and understand the speech of another person.
- Visualization — The ability to imagine how something will look after it is moved around or when its parts are moved or rearranged.
- Written Comprehension — The ability to read and understand information and ideas presented in writing.
- Written Expression — The ability to communicate information and ideas in writing so others will understand.
